

The Cellar Wine Program:

The Cellar features over 190 wines from eleven countries and four states. In 2008, we received our first Wine Spectator Magazine Award of Excellence for our Wine Program, which, in addition to our Wine List, includes efforts and events to enhance wine knowledge and enjoyment through regular tastings and wine education courses. If you enjoy wine and want to expand your knowledge and palate related to wine, we encourage you to talk to Bart or Kevin, our Wine Directors and Sommeliers, your server, or Scott; we can recommend wines to complement your food choices and stay within your budget. Cheers!!
